**The Perec Ludique font set
is part of the Perec typeface system designed
by Alejandro Lo Celso, since 2009, as an ongoing project
on an intermittent basis. It is inspired in the literary works of hilarious
French writer Georges Perec. The character repertoire was extended in 2018 by
Francis Ramel in Metz, France, in order to reach our foundry's extensive Latin range.
The fonts were coded & tested by Jorge Iván Moreno Majul in Veracruz, México.
Many thanks to my loves Carolina, Irene and Ulises, and to all friends
and colleagues who have contributed their insights and
viewpoints after having used some or all
of the Perec font variants.**
